

## YEARLY STATUS REPORT - 2022-2023

### Part A

#### Data of the Institution

##### 1. Name of the Institution

JALPAIGURI GOVT. ENGINEERING COLLEGE

- Name of the Head of the institution **Dr. Amitava Ray**
- Designation **Principal**
- Does the institution function from its own campus? **Yes**

- Phone No. of the Principal **9434381078**
- Alternate phone No. **7063667196**
- Mobile No. (Principal) **8900461118**
- Registered e-mail ID (Principal) **principal@jgec.ac.in**
- Address **Jalpaiguri Govt. Engineering College, Jalpaiguri -735102**
- City/Town **Jalpaiguri**
- State/UT **West Bengal**
- Pin Code **735102**

##### 2. Institutional status

- Autonomous Status (Provide the date of conferment of Autonomy) **03/01/2012**
- Type of Institution **Co-education**
- Location **Rural**

- Financial Status **Grants-in aid**
- Name of the IQAC Co-ordinator/Director **Dr. Bikash Chandra Mandal**
- Phone No. **9433086219**
- Mobile No: **9382147821**
- IQAC e-mail ID **iqac@jgec.ac.in**

**3. Website address (Web link of the AQAR (Previous Academic Year))** [https://jgec.ac.in/public/uploads/1687499966\\_11ae44834ac3eeb574a4.pdf](https://jgec.ac.in/public/uploads/1687499966_11ae44834ac3eeb574a4.pdf)

**4. Was the Academic Calendar prepared for that year?** **Yes**

- if yes, whether it is uploaded in the Institutional website Web link: <https://jgec.ac.in/public/upload/academic/1708696801.pdf>

### 5. Accreditation Details

Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
<b>Cycle 1</b>	<b>B</b>	<b>2.13</b>	<b>2021</b>	<b>23/02/2021</b>	<b>22/02/2025</b>

**6. Date of Establishment of IQAC** **23/08/2014**

**7. Provide the list of Special Status conferred by Central and/or State Government on the Institution/Department/Faculty/School (UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC, etc.)?**

Institution/ Department/Faculty/School	Scheme	Funding Agency	Year of Award with Duration	Amount
<b>nil</b>	<b>nil</b>	<b>nil</b>	<b>Nil</b>	<b>nil</b>

**8. Provide details regarding the composition of the IQAC:**

- Upload the latest notification regarding the composition of the IQAC by the HEI [View File](#)

**9. No. of IQAC meetings held during the year** **3**

- Were the minutes of IQAC meeting(s) and **Yes**

compliance to the decisions taken  
uploaded on the institutional website?

- If No, please upload the minutes of the meeting(s) and Action Taken Report
- No File Uploaded

**10. Did IQAC receive funding from any funding agency to support its activities during the year?** **No**

- If yes, mention the amount

**11. Significant contributions made by IQAC during the current year (maximum five bullets)**

1. Conduction of Semester Examination and Publication of results in time for all semester. Specially mention: Publication of results of final year students within one month.

2. Research

3. Participation of students and faculty members in workshops, and conferences

4. Improvement of placement scenario.

5. Framing of different policy document.

<https://jgec.ac.in/announcement/5>

**12. Plan of action chalked out by IQAC at the beginning of the academic year towards quality enhancement and the outcome achieved by the end of the academic year:**

Plan of Action	Achievements/Outcomes
1. To reduce time for Publication of results.	1. Results published in time.
2. Preparation for NBA accreditation.	2. Departments are preparing for application for NBA as early as possible.
3. To give more emphasis on placement drive.	3. Improved placement.
4. Developing e-content to encourage self-learning aspects.	4. <a href="https://jgec.ac.in/academic/4">https://jgec.ac.in/academic/4</a>
5. Providing personal and career mentoring to students.	5. <a href="https://jgec.ac.in/public/upload/notice/1703787434.pdf">https://jgec.ac.in/public/upload/notice/1703787434.pdf</a>
6. Strengthen Green Campus initiatives	6. <a href="https://jgec.ac.in/public/upload/notice/1703361325.pdf">https://jgec.ac.in/public/upload/notice/1703361325.pdf</a>
7. Strengthen Industry-Institute relationship.	7. three running MOU at present such as Bengal Beverages Private Limited-Coca, University of North Bengal, Scholiverse Educare Private Limited

**13. Was the AQAR placed before the statutory body?** Yes

- Name of the statutory body

Name of the statutory body	Date of meeting(s)
Academic Council	02/02/2024

**14. Was the institutional data submitted to AISHE ?** Yes

- Year

**15.Multidisciplinary / interdisciplinary**

1. Our institute has a plan to explore multidisciplinary or interdisciplinary courses.
2. Students in the second year are given opportunities to their branches depending on their performances in the first year. The course curriculum has been revised keeping in mind the branch changes.
3. Students and faculty members are publishing research papers in interdisciplinary areas.
4. Students from all branches are involved in the Center of Innovation cell and develop the product.
5. The department provides the option of offering interdisciplinary courses to students through electives.
6. MAKAUT has allowed students to choose interdisciplinary courses through MOOCs to obtain an honors degree.
7. The students participate in projects which are interdisciplinary nature, through departmental collaboration, industrial collaboration, etc.

**16.Academic bank of credits (ABC):**

1. JGEC stores its academic awards to students, including degrees and marks, in the MAKAUT online portal.
2. MAKAUT used to upload the student details in the National Academic Depository
3. The college maintains the subject-wise credit of each student

**17.Skill development:**

1. Our Training and Placement Cells conduct reglar skill development activities.
2. Coders Club conducts different program for coding skill development

3. Students conduct a technical Fest named: SHRISTI" regularly for the development of technical Skill of the students.

4. JGEC Alumni Association organized an industry institute interaction.

5. JGEC organizes rain coat-making & paper making

6. JGEC has signed MoU with Intershala, Bhilai Steel plant, Coca-cola etc. where the students get an opportunity for internship in companies for skill development with a stipend.

7. JGEC has signed a MoU with the Cyber Security Centre for Excellence, Govt. of West Bengal, where students update their skillss through various skill development programs.

#### **18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)**

Our institute has revised its curriculum from the session 2021-22 batch and included courses like Essence of Traditional knowledge (MC-EC/ME/EE/CE/CS/IT/301) , Indian Constitution to integrate Indian Knowledge System in the course.

#### **19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):**

Outcome-based education (OBE) is education in which an emphasis is placed on a articulated idea of what students are expected to know and be able to do, that is, what skills and knowledge they need to have, when they leave the school system. It is sometimes also called performance-based education and is an attempt to measure educational effectiveness based on results rather than on inputs such as time students spend in class. The student learning outcomes constitute the criteria by which the curriculum is developed at our institute. To emphasize OBE more, our course curriculum has been rigorously revised from the 2021-22 session. The institute is taking feedback from the alumni and industry to revise its syllabus to make it more outcome-based.The outcome of JGEC is measured based on calculating course outcome,

program outcome and program-specific outcome.

1. The question papers are expected to be mapped to their COs.
2. Based on the level of CO obtained, the final CO attainment is calculated.

## **20.Distance education/online education:**

MOOCs (Massive open online courses) have been introduced by MAKAUT in the following ways:

1. MOOCs for honors degree at undergraduate level.

For a B.Tech. honors degree, a B.Tech. student will have to earn 20 credits from MOOCs from any established MOOCs platform in addition to mandatory credits for a B.Tech degree.

2. MOOCs for mandatory coursework of research scholar for PhD

Research scholars have to take MOOCs as mandatory coursework for a PhD degree as per the advice of the research supervisor.

3. MOOCs for mandatory additional requirements prescribed by MAKAUT.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

Jalpaiguri Government Engineering College (JGEC) has a meticulous approach to curriculum development and revision, ensuring that its programs meet current developmental demands and global technical perspectives. The institution's curricula are designed with well-defined, outcome-based learning objectives that integrate professional relevance and the needs of the corporate world. JGEC adheres to the guidelines of Statutory Regulatory Authorities (SRAs) such as UGC and AICTE, and any changes or revisions to the curriculum are carefully

implemented through specific steps. These steps include feasibility assessment, recommendations from the Board of Studies (BOS) comprising experts from academia and industry, and approval by the Academic Council.

JGEC offers six undergraduate courses and two postgraduate courses in the field of technology/engineering, and the curriculum for these programs was revised in 2021. The revised curricula include defined program outcomes, program-specific outcomes, and course outcomes for all programs. Additionally, JGEC collects feedback from students and teachers at the end of each semester to facilitate continual development of its academia. Overall, JGEC's approach to curriculum development reflects a commitment to maintaining high educational standards and ensuring the relevance and effectiveness of its programs.

## 1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

Jalpaiguri Government Engineering College (JGEC) has

strategically integrated interdisciplinary courses into its undergraduate engineering curricula to equip students with a diverse skill set essential for the digital era. "Programming for Problem Solving" is a foundational course taught in the first year across all undergraduate programs, aiming to develop computer programming skills crucial for engineering and technology students.

In the second year, students engage with the "Human Values and Professional Ethics" course, emphasizing the significance of values, ethics, responsibility, and awareness of gender and caste equity in real-life contexts. Additionally, the incorporation of "Essence of Traditional Knowledge" seeks to revive India's indigenous knowledge and culture, adding social values to the academic experience.

Furthermore, the inclusion of "Principles of Management" in the final year of the undergraduate curricula aims to equip students with essential management skills, empowering them for future professional endeavors in a highly competitive business environment.

These interdisciplinary courses not only enhance students' employability but also contribute to their holistic development, preparing them for the challenges of the modern world and adding value to their academic experience at JGEC.

File Description	Documents
Upload the list and description of the courses which address issues related to Gender, Environment and Sustainability, Human Values and Professional Ethics in the curriculum	No File Uploaded
Any additional information	No File Uploaded

### 1.3.2 - Number of value-added courses for imparting transferable and life skills offered during the year

9

File Description	Documents
List of value-added courses	<a href="#">View File</a>
Brochure or any other document relating to value-added courses	No File Uploaded
Any additional information	No File Uploaded

**1.3.3 - Number of students enrolled in the courses under 1.3.2 above**

1479

File Description	Documents
List of students enrolled	<a href="#">View File</a>

156

File Description	Documents
Any additional information	No File Uploaded
Number of seats filled against seats reserved (Data Template)	<a href="#">View File</a>

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

The institute is dedicated to fostering a supportive academic environment for all its students. It begins the academic year with comprehensive orientation programs for fresh students and their parents, aiming to familiarize them with the college, its regulations, facilities, and faculty. Special attention is given to lateral entry students, who are admitted directly into the second year, with specialized classes organized to ensure a smooth transition into the ongoing academic session.

The faculty members are deeply involved in monitoring the performance of students, particularly those who may require additional support. Tutorial classes, extra classes, and workshops are organized to assist weaker students, with a focus on subjects like C programming and MATLAB. The institute also provides ample opportunities for students to clear their backlogs through make-up exams and supplementary exams.

Furthermore, faculty members extend their support to students preparing for competitive exams, offering specialized coaching for aspirants of exams like GATE. This holistic approach to education reflects the institute's commitment to nurturing and empowering its students, ensuring that each individual has the opportunity to thrive academically.

## 2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

The academic approach at JGEC is designed to provide students with a well-rounded and practical education. The examination system comprises internal assessment (30%) and end-of-semester examinations (70%), with regular class tests conducted by the academic departments throughout the semester.

Practical exposure is emphasized, allowing students to engage in experiments and seek guidance from faculty members. The institute encourages student-centric methods such as experiential learning, participative learning, and problem-solving methodologies to build competency. This includes intensive laboratory experiments, design and project works, and industrial training as part of the curriculum.

Postgraduate students are involved in undergraduate teaching and community-based extension activities, fostering participative learning. Group projects are encouraged to provide collaborative learning opportunities, and teachers utilize problem-based and case-based learning methods to stimulate critical thinking among students. Additionally, students in technical programs are required to undertake compulsory problem-based project work.

Overall, JGEC's academic approach and assessment system reflect a commitment to providing a comprehensive and practical education, nurturing critical thinking, creativity, and scientific temper among its students.

Link for additional Information	<a href="https://www.vlab.co.in/">https://www.vlab.co.in/</a>

### 2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

The engineering program at our institution is designed to provide students with a comprehensive and practical education. The curriculum includes practical courses throughout the four-year program, culminating in a final project in the last semester. The examination system comprises internal assessment (30%) and end-of-semester examinations (70%), with two class tests evenly spread over the semester, providing regular opportunities for students to demonstrate their understanding.

The emphasis on experimental learning, including intensive laboratory experiments, design and project works, and industrial training, aims to equip students with practical skills and critical thinking abilities. Postgraduate students are actively involved in undergraduate teaching and community-based extension activities, fostering participative learning and collaboration.

Students are encouraged to participate in group projects, providing them with opportunities for participative learning, while problem-based and case-based learning methods are employed across all academic departments to stimulate critical thinking among students. Additionally, students in technical programs are required to undertake compulsory problem-based project work, further enhancing their problem-solving abilities.

Overall, the program's comprehensive approach reflects our commitment to providing students with a well-rounded and practical engineering education, preparing them for success in their future careers.

#### 2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

The college's commitment to providing a structured and comprehensive academic experience is evident through the proactive preparation and dissemination of a detailed calendar at the beginning of each academic year. This calendar, in compliance with university regulations, ensures that the college meets the requirement of 90 working days per semester and includes important dates such as reopening, holidays, and various events like foundation day, sports days, and the college technical festival.

The inclusion of the calendar on the college website and portal reflects a modern and convenient approach to communication and organization, allowing faculty and students easy access to important dates and events. Furthermore, the planning of timetables and examinations in accordance with the calendar demonstrates a commitment to maintaining a well-structured academic schedule.

In the event of unforeseen circumstances, the college's

willingness to engage in additional lecture and lab sessions beyond regular college hours to ensure the completion of the curriculum showcases a dedication to upholding the quality and integrity of the educational program.

Overall, the college's proactive approach to scheduling, digital accessibility, and commitment to fulfilling the curriculum requirements highlights its dedication to providing a comprehensive and well-organized academic environment for its students and faculty.

Upload any additional information	<a href="#">View File</a>

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

JGEC's commitment to a comprehensive evaluation system, encompassing formative and summative assessments, reflects a dedication to maintaining high academic standards. The

establishment of an exclusive Examination Cell, overseen by the Controller of Examination, demonstrates a proactive approach to ensuring the effective implementation of reforms advised by the Autonomous Body/University.

The involvement of different faculty members in setting question papers and the meticulous result analysis and review by the Heads of Departments showcase a commitment to maintaining the quality and integrity of the evaluation process. The institution's proactive approach to planning and executing semester examinations, including the appointment of internal supervisors and invigilators, and result processing using software, ensures the smooth conduct of examinations and timely publication of results.

Furthermore, the ongoing implementation of "Student Life Cycle Management" to automate the entire process reflects a forward-thinking approach to administrative efficiency and process optimization.

Overall, JGEC's commitment to a comprehensive evaluation system and the adoption of modern technologies for administrative automation highlight its dedication to maintaining high academic standards and administrative efficiency for the benefit of its students and faculty.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

Jalpaiguri Government Engineering College (JGEC) has demonstrated a strong commitment to educational quality through the clear definition and communication of program outcomes (POs), program-specific outcomes (PSOs), and course outcomes (COs) for all its undergraduate and postgraduate programs. The display of these outcomes on the website and their communication to teachers and students underscores the institution's

dedication to transparency and clarity in the educational process.

The alignment of internal assessment and semester end/final year examinations with course objectives/outcomes further emphasizes the institution's commitment to meaningful assessment and the attainment of intended learning outcomes.

JGEC's development of a feedback mechanism to obtain student feedback on program and course outcomes is a proactive step towards ensuring continuous improvement. The analysis of this feedback and the subsequent actions taken based on the recommendations of the department academic cell, constituted by the Internal Quality Assurance Cell (IQAC) to monitor academic progress, reflects the institution's responsiveness to student input and commitment to maintaining educational relevance and effectiveness.

Overall, JGEC's emphasis on defined outcomes and the utilization of student feedback for continuous improvement underscores its dedication to providing a high-quality and responsive educational experience.

2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

Jalpaiguri Government Engineering College (JGEC) has established a comprehensive system for evaluating the attainment of program outcomes (POs), program-specific outcomes (PSOs), and course outcomes (COs). The institution's use of formative and summative assessments, along with a mechanism to obtain feedback from students on the attainment of program and course outcomes, reflects a commitment to ensuring the quality and relevance of its educational programs.

The emphasis on student feedback as a major aspect for analyzing the teaching-learning process is commendable, and the standardized format for collecting feedback, with questions based on COs, POs, and PSOs, allows for a comprehensive assessment of the educational experience. The detailed analysis of feedback scores and the discussion of any scores below 4 for plausible reasons demonstrates a commitment to continuous improvement and responsiveness to student input.

JGEC's categorization of assessment methods into direct and indirect methods for evaluating COs and POs, along with the allocation of weightages for internal test assessment and end-semester examination assessment, reflects a thoughtful and comprehensive approach to evaluating student attainment. T

Overall, JGEC's approach to evaluating program outcomes and course outcomes is thorough, student-centered, and geared towards maintaining high academic standards and relevance.

## RESEARCH, INNOVATIONS AND EXTENSION

### 3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

The Institute has a prominent and progressive policy for promoting and incentivizing research. The faculty members are encouraged to enhance their educational qualification to attend Ph.D program. Institute has also encouraged the faculty members to submit research proposals to concern department of state and central government and various funding agencies. To publish research papers in UGC care journals and different national and international conferences. All preparation for such are facilitated by the college. The college seriously looking forward to signing a number of MoUs with Industry which will helps the students in undertaking UG and PG project sponsored by the industry.

**3.3 - Innovation Ecosystem**

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

The Institute has a potent and radiant system to promote innovations, creation, and transfer of knowledge. The faculties are encouraged to take up Research Projects in their area of

interest as well as present papers at National and International conferences and also publish in reputed journals.

Entrepreneurship forms the crux of all our academic programmes while inviting eminent and successful entrepreneurs for delivering lectures on entrepreneurship so that our students get benefit from their experience and expertise. The Institute does not bind itself to holding courses and programmes on engineering only but also promotes community based programmes through NSS thereby sensitising them towards social responsibilities To sum up, JGEC has a well-knit network and a nice environment for promoting research, entrepreneurship, community orientation, Incubation etc

### 3.6 - Extension Activities

3.6.1 - Extension activities carried out in the neighbourhood sensitising students to social issues for their holistic development, and the impact thereof during the year

The sole objective of education is to propagate all round development of the students while the prime strength of this Institute is its tenacity to unravel the deep seeded talents of the students propelling them further towards becoming citizens rich in knowledge . Knowledge and quality based education is provided to the students by inculcating moral values, scientific temper and employing state of the art technologies. The Institute plays a prudent role in campus connection, wellbeing of its neighborhood and has initiated a number of community development activities under NSS - cell of the institute headed

by a senior faculty member. NSS enables students to participate in various programs of social service and National development, to help the community. For this purpose, apart from knowledge gained in the classroom JGEC focuses on organizing extension activities in the neighbourhood community.

## INFRASTRUCTURE AND LEARNING RESOURCES

### 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipments, etc.

The college is deeply committed to ensuring the availability and efficient utilization of its physical infrastructure in line with its overarching vision of fostering innovation, competence, and global exposure for its students. At the beginning of each academic year, a comprehensive needs assessment is conducted, incorporating feedback from the Board of Studies, Heads of

Departments, lab technicians, and the system administrator. This evaluation considers course requirements, technology conditions, and financial limits. The Time Table Committee strategically plans for necessary resources, including classrooms, laboratories, furniture, and equipment. Efforts are made to educate faculty about new technologies through workshops and training sessions, and the recruitment of highly qualified system administrators and lab professionals ensures efficient infrastructure use. The college also maximizes infrastructure use by hosting various activities beyond regular college hours, such as certificate programs, conferences, and government and academic tests. Overall, the college's multifaceted approach to infrastructure management reflects its dedication to creating an environment that supports student development and achievement.

Upload any additional information	<a href="#">View File</a>
Paste link for additional information	Nil

4.1.2 - The institution has adequate facilities for cultural activities, yoga, sports and games (indoor and outdoor) including gymnasium, yoga centre, auditorium etc.)

The institution prioritizes sports and athletics as essential components of the student experience, offering a wide range of sports facilities on campus. It is committed to fostering a well-rounded environment for academic, cultural, and athletic pursuits to support students' overall personal growth. The college encourages participation in various sporting activities, including interdepartmental, intercollegiate, and interuniversity tournaments, to promote team spirit and positive relationships among students. The philosophy of the institution emphasizes recreation, instruction, and competition, ensuring that all students have the necessary equipment to participate in sports and games. The Unified Sports program provides multiple options for playing sports and promotes friendship and understanding through practicing and competing together. The college offers a variety of outdoor and indoor sports and games, along with a state-of-the-art gymnasium for physical strength and fitness. It organizes State Level tournaments and annual intramural and extramural competitions, such as the Chairman's Trophy, and students actively compete in events hosted by other institutions, winning multiple awards and even being chosen for university-level teams in sports like football and cricket. This

comprehensive approach reflects the institution's dedication to supporting students' overall personality development and athletic pursuits.

### 4.3 - IT Infrastructure

4.3.1 - Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities

Jalpaiguri Government Engineering College (JGEC) boasts a robust Information and Communication Technology (ICT) infrastructure that permeates every facet of academic life. The college's commitment to technological advancement is evident through its extensive Wi-Fi coverage across the campus, ICT-enabled smart classrooms equipped with computers, LCD displays, and internet connectivity, as well as internet-connected laboratories for accessing e-learning materials. Furthermore, the presence of multimedia-equipped seminar halls and video conferencing facilities facilitates interaction with industry experts and academicians, enabling the organization of NPTEL courses, faculty development programs, invited talks, and webinars. JGEC ensures high-speed internet connectivity for faculty members, students, and research scholars through local area network (LAN) and Wi-Fi, while also promoting the environmentally responsible use of computer resources. The interconnectedness of departments through LAN underscores the institution's dedication to leveraging ICT for managing academic activities. JGEC stands as a testament to the transformative power of technology in education.

104.5

File Description	Documents
Audited statements of accounts	<a href="#">View File</a>
Upload any additional information	No File Uploaded

4.4.2 - There are established systems and procedures for maintaining and utilizing physical,

academic and support facilities – classrooms, laboratory, library, sports complex, computers, etc.

In an effort to ensure the efficient management of physical facilities within our educational institutions, it is imperative to establish clear and structured processes for construction, renovation, procurement, and maintenance activities. The involvement of the Public Works Department (PWD) in West Bengal, along with specific committees and departments, underscores the need for a well-defined framework to oversee these crucial functions.

The roles of the Central Purchase Committee (CPC), Department of Technical Education (DTE), Principal, Accounts Officer, and departmental heads in procurement, monitoring, and maintenance activities highlight the importance of delineating responsibilities and maintaining accountability. Furthermore, the annual projection of budgets for maintenance and up-gradation of facilities demonstrates a forward-looking approach to resource management.

It is evident that the inclusion of service providers for the maintenance of lab equipment and the implementation of annual maintenance contracts for sophisticated instruments and centralized facilities are steps in the right direction towards ensuring the longevity and functionality of our educational infrastructure.

By streamlining these processes and fostering collaboration between relevant stakeholders, we can enhance the overall effectiveness and sustainability of our educational facilities, creating an environment conducive to learning and growth.

### 5.4 - Alumni Engagement

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

The Jalpaiguri Government Engineering College Alumni Association, registered under the West Bengal Act XXVI of 1961, has been actively engaged in various initiatives and fostering the overall development of students at JGEC.

The association, headquartered at the College Administrative Building, has been instrumental in organizing value-based seminars, workshops, and programs focused on career development, technological advancement, and social issues. These activities are designed to prepare students for professional life while instilling a sense of social responsibility.

Furthermore, the Alumni Association has established a platform for providing scholarships to deserving students of JGEC, demonstrating its commitment to supporting educational advancement and accessibility.

A significant milestone in the association's endeavors is the establishment of the Convention Centre, Kanchenjunga, within the JGEC campus. This center is envisioned to be a hub of innovation, providing students with access to seminar and conference halls, meeting rooms, a knowledge-sharing room, a library, and guest accommodations. It will serve as a space for industry-institute interaction, furthering the development of students and fostering a culture of innovation.

The Alumni Association's dedication to enhancing the educational landscape and nurturing student potential is truly commendable, and its efforts are poised to make a lasting impact on the JGEC community.

### GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

In line with the vision of the college, i. e. , To be a provider of globally competitive, high-quality technical human resources & to promote and significantly contribute towards development of technologies and innovations appropriate to sustainable economic growth and enrichment of quality of life, the provider is committed towards continual improvement, sustained growth and the development of a culture for quality. The leadership of the college is guided by the principle of sound judgment, effective communication and setting standards and benchmarks in quality education and administration, always striving to excel for stakeholder / student satisfaction. The Organization structure incorporates various bodies viz. Governing Body, Financial Management Committee, Academic Council, Board of studies and Grievance cell. The Governing Body meet at least quarterly in a year. The finance committee meets at least twice a year. The college encourages participatory management by involving the stake holders at all levels. Through departmental meetings, coordination committee meetings, Board of Studies meetings, the College facilitates the internal sharing of ideas in a democratic manner, encouraging maximum participation from faculty members.

Paste link for additional Information	<a href="https://jgec.ac.in/about/15/vision-and-mission">https://jgec.ac.in/about/15/vision-and-mission</a>

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization

and participative management

The department heads have a significant amount of autonomy in both academic and managerial matters. The support provided by the Head of the Institution, various HODs, and committees seems crucial for the smooth functioning of operational and academic activities. The Principal's financial powers, as per state government orders, also play a key role in the institution's functioning.

The process of allowing Heads of Departments to make routine decisions based on the situations and exigency, and later getting them ratified by the Principal, seems to provide flexibility while ensuring accountability. The practice of making major decisions after a brainstorming session in the meeting of the Heads of the Departments and by consensus appears to promote collaboration and collective decision-making.

It's interesting to note that once a decision is made, the implementation is carried out by a succession of officers, which suggests a structured approach to executing decisions. This seems like a well-organized system that balances autonomy with accountability and collaboration.

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ Perspective plan has been clearly articulated and implemented

The institution is dedicated to securing maximum funds from central and state government funding agencies to enhance its Research and Development (R&D) facilities. This funding will be utilized to modernize existing labs in order to meet the evolving technological needs and improve the quality of education for students.

The Board of Governors has expressed interest in filling faculty vacancies through the Government Recruitment Process, aiming to enhance the quality of faculty members by encouraging their participation in programs such as Faculty Development Programs (FDPs), conferences, seminars, and industry-oriented programs. Additionally, efforts will be made to create an environment that provides access to national and international journals through digital media.

Tests conducted for students will be designed to measure both technical and critical thinking skills. Special attention will be given to disadvantaged and rural students to increase their transition rate. Furthermore, syllabus revisions will be made in line with changing technology, and the institution will adopt Outcome Based Education (OBE).

All departments are encouraged to engage in revenue-generating activities such as consultancies and testing. This comprehensive approach seems to be aimed at enhancing the institution's research and development capabilities, faculty quality, student learning outcomes, and overall academic environment.

6.2.2 - The functioning of the various institutional bodies is effective and efficient as visible from the policies, administrative set-up, appointment and service rules, procedures, etc.

The educational institution's governance structure consists of the Board of Governors (BOG), Academic Council, Principal, and Head of the Department. The BOG guides the college in fulfilling its objectives, approves new programs, and oversees faculty recruitment and budget approval. The Academic Council scrutinizes and approves proposals related to courses, academic regulations, and student admissions, while also recommending new programs and scholarships. The Principal implements strategic planning, reports on institutional progress, and manages academic and administrative affairs. The Head of the Department is responsible for the academic and administrative management of

their department, including teaching plans, research activities, industry interaction, and policy planning. They also oversee student counseling, curriculum development, and resource materials. Each entity plays a crucial role in the institution's governance, ensuring academic quality, strategic development, and adherence to regulations.

## 6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non-teaching staff and avenues for their career development/ progression

Teachers are recruited through Public Service Commission, West Bengal. Teachers are allowed to acquire higher qualification through Quality Improvement Programme (QIP) and they are allowed for QIP. Nonteaching staff are encouraged to acquire additional skills and qualifications. Welfare measures for teaching and non-

teaching staff may be summarized as follows:

1. Health Insurance
2. Leave Travel Concession
3. General Provident Fund
4. Festival advance
5. Maternity leave
6. Medical leave
7. leave salary- encashment of earned leave
8. Earned leave
9. Casual leave
10. Summer, Puja and winter vacation
11. Gratuity Pension Benefits
12. QIP

## 6.4 - Financial Management and Resource Mobilization

### 6.4.1 - Institution conducts internal and external financial audits regularly

Jalpaiguri Government Engineering College, a fully government-owned institution, follows a meticulous financial management process. Its annual budget is approved by the Financial Management Committee (FMC) and the Governing Body, with funds and grants received from the government under various heads. All financial transactions are conducted through the treasury using e-transaction methods to ensure transparency. The college adheres to the procurement norms of the Government of West Bengal and has a Central Purchase Committee for centralized procurement, utilizing the e-tender process for all procurements. Subsequently, bills are sent for e-clearance at the treasuries after completing formalities. The college's audit is overseen by the office of the Accountant General (Audit),

West Bengal, with periodic visits for this purpose, although not necessarily annually. This stringent financial management system ensures that the college's financial operations are transparent, accountable, and compliant with government regulations and norms.

#### 6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

The institution has established several funds, including the Corpus fund, Staff Development fund, Depreciation fund, and Maintenance fund, to ensure the sustainability of its reforms. The Corpus fund is resourced from contributions, donations, grants, and savings, and is utilized for the development of the institute, particularly for capital expenditure and operational expenses with the approval of the Board of Governors (BOG). The Staff Development fund is resourced from the institution's share of net income from various activities and is used for critical staff development activities as specified by the BOG. The Depreciation fund is resourced from the institution's share of net income and is utilized for equipment replacement and other purposes as decided by the BOG. The Maintenance fund, resourced from various sources, is meant for the regular maintenance of equipment and facilities as decided by the BOG. These funds are managed in accordance with government orders and play a crucial

role in the institution's sustainability and development, ensuring that the institution can address its capital and operational needs and invest in the development of its staff and infrastructure.

## 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

The primary aim of the Internal Quality Assurance Cell (IQAC) is to facilitate conscious, consistent, and catalytic action to enhance the academic and administrative performance of the institution and promote a culture of quality. IQAC employs mechanisms and procedures to ensure efficient performance of tasks, quality academic and research programs, equitable access to education, modern teaching methods, credible assessment processes, and adequate support services. The functions expected of IQAC include developing and applying quality benchmarks, creating a learner-centric environment, collecting feedback, organizing workshops and seminars, documenting quality improvement programs, and coordinating quality-related activities. IQAC also contributes to ensuring clarity and focus in institutional functioning, internalizing a culture of quality, enhancing coordination among various activities, providing a basis for decision-making, driving quality changes, and establishing a systematic methodology for documentation and internal communication. Ultimately, IQAC aims to institutionalize best practices and contribute to the overall enhancement of the institution's quality culture and performance.

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

1. The seminars and workshops conducted for the faculty
2. Taking seminars compulsory for PG students
3. Examining students by conducting internal tests assessments
4. Holding extra classes for course completion on time.
5. Arrangement of remedial classes, doubt clearing classes for slow learners
6. Establishment of research cell in order to encourage research activities
7. Appointment of part - time faculty to teaching posts lying vacant in the department
8. Automation and digitalization of library
9. Provision of Wi-Fi facility and smart classes
10. Increased usage of ICT tools in teaching learning process
11. Preparation of course plan at the beginning of every session

Methodologies of operations:

The institution gathers feedback from students through questionnaires and suggestion boxes, involving the Academic Council and staff meetings to monitor and review teaching and learning activities. Additionally, faculty members maintain daily teaching diaries, which are reviewed monthly by the principal. These measures reflect the institution's commitment to continuous improvement and quality assurance in its academic and administrative processes.

## **INSTITUTIONAL VALUES AND BEST PRACTICES**

### **7.1 - Institutional Values and Social Responsibilities**

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

**1. Implementing Equal Opportunity Policies: Establish and enforce policies that ensure equal opportunities for all genders in recruitment, promotion, and professional development.**

**2. Implementing Pay Equity**

**3. Creating Supportive Work Environment: Foster a work environment that supports work-life balance, flexible work arrangements, and parental leave policies that benefit all genders.**

4. **Encouraging Diverse Representation:** Actively promote the representation of all genders in leadership positions, decision-making bodies, and public-facing roles.

5. **Establishing Reporting Mechanisms:** Implement clear and confidential reporting mechanisms for instances of gender-based discrimination, harassment, or bias, and take swift and appropriate action in response.

7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)

As we strive to create a sustainable and eco-friendly environment in our educational institute with hostels, it is crucial to address the management of degradable and non-degradable waste. Effective waste management not only promotes cleanliness but also contributes to a healthier and greener campus.

To manage degradable waste, such as food scraps and organic materials, we have implemented a composting system. Composting

bins are placed in convenient locations across the campus and hostels to encourage the proper disposal of biodegradable waste.

For non-degradable waste, including plastics, glass, and metal, we have established a comprehensive recycling program. Clearly labeled recycling bins are strategically positioned throughout the institute and hostels to facilitate the separation and collection of recyclable materials.

Furthermore, we encourage the reduction of non-degradable waste by promoting the use of reusable items, such as water bottles, containers, and bags. We also promote minimum use single use plastics and disposable products within our campus.

## 7.2 - Best Practices

7.2.1 - Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC

The villages of Dangapara & Patkata, situated near the campus of JGEC, have presented both challenges and opportunities for the faculty and students of the college. The villagers are facing hardships in meeting their basic needs, with struggles for sustenance and lack of academic environment for their children. Additionally, the exploitation of school students by tuition providers, low adult literacy rates, and absence of guidance and counseling for the youth further compound their difficulties. Moreover, the lack of access to clean drinking water and unhygienic conditions in the villages add to their plight.

In response to these challenges, JGEC initiated the JYOTI program, which has seen significant success since its inception in 2010. The program has grown from 80 to around 150 students, providing classes four times a week for children from class 4 to class 10. Furthermore, it offers guidance for Polytechnic entrance exams and has a dedicated Hindi section for students from neighboring tea garden schools. The impact of JYOTI is evident in the success story of a student who cleared WBJEE and passed out from JGEC.

In addition, the Alumni Association of JGEC has been instrumental in providing scholarships to needy and poor students.

### 7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

Our Vision To be a provider of globally competitive, high quality technical human resources. To promote and significantly contribute towards development of technologies and innovations appropriate to sustainable economic growth and enrichment of quality of life. Our Mission To Develop itself into an institute of world class reputation and advance knowledge and educate students in the areas of technology. Core values Eco friendly campus and sustainability: A Green Campus is a place where environmentally friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus. Jalpaiguri Govt. Engineering College is striving continuously for making its campus green and clean, by imposing sustainable and ecofriendly thinking into both academics and student activities. it stands against extravagance in utilization of its resources. Considering several eco-friendly issues, it has made couple of plans deliberately, for developing an altruistic academic ambience.

## Part B

### CURRICULAR ASPECTS

#### 1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

Jalpaiguri Government Engineering College (JGEC) has a meticulous approach to curriculum development and revision, ensuring that its programs meet current developmental demands and global technical perspectives. The institution's curricula are designed with well-defined, outcome-based learning objectives that integrate professional relevance and the needs of the corporate world. JGEC adheres to the guidelines of Statutory Regulatory Authorities (SRAs) such as UGC and AICTE, and any changes or revisions to the curriculum are carefully implemented through specific steps. These steps include feasibility assessment, recommendations from the Board of Studies (BOS) comprising experts from academia and industry, and approval by the Academic Council.

JGEC offers six undergraduate courses and two postgraduate courses in the field of technology/engineering, and the curriculum for these programs was revised in 2021. The revised curricula include defined program outcomes, program-specific outcomes, and course outcomes for all programs. Additionally, JGEC collects feedback from students and teachers at the end of each semester to facilitate continual development of its academia. Overall, JGEC's approach to curriculum development reflects a commitment to maintaining high educational standards and ensuring the relevance and effectiveness of its programs.

### 1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

Jalpaiguri Government Engineering College (JGEC) has strategically integrated interdisciplinary courses into its undergraduate engineering curricula to equip students with a diverse skill set essential for the digital era. "Programming for Problem Solving" is a foundational course taught in the first year across all undergraduate programs, aiming to develop computer programming skills crucial for engineering and technology students.

In the second year, students engage with the "Human Values and Professional Ethics" course, emphasizing the significance of values, ethics, responsibility, and awareness of gender and caste equity in real-life contexts. Additionally, the incorporation of "Essence of Traditional Knowledge" seeks to revive India's indigenous knowledge and culture, adding social values to the academic experience.

Furthermore, the inclusion of "Principles of Management" in the final year of the undergraduate curricula aims to equip students with essential management skills, empowering them for future professional endeavors in a highly competitive business environment.

These interdisciplinary courses not only enhance students' employability but also contribute to their holistic development, preparing them for the challenges of the modern world and adding value to their academic experience at JGEC.

## 2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

The institute is dedicated to fostering a supportive academic environment for all its students. It begins the academic year with comprehensive orientation programs for fresh students and their parents, aiming to familiarize them with the college, its regulations, facilities, and faculty. Special attention is given to lateral entry students, who are admitted directly into the second year, with specialized classes organized to ensure a smooth transition into the ongoing academic session.

The faculty members are deeply involved in monitoring the performance of students, particularly those who may require additional support. Tutorial classes, extra classes, and workshops are organized to assist weaker students, with a focus on subjects like C programming and MATLAB. The institute also provides ample opportunities for students to clear their backlogs through make-up exams and supplementary exams.

Furthermore, faculty members extend their support to students preparing for competitive exams, offering specialized coaching for aspirants of exams like GATE. This holistic approach to education reflects the institute's commitment to nurturing and empowering its students, ensuring that each individual has the opportunity to thrive academically.

### 2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

The academic approach at JGEC is designed to provide students with a well-rounded and practical education. The examination system comprises internal assessment (30%) and end-of-semester examinations (70%), with regular class tests conducted by the academic departments throughout the semester.

Practical exposure is emphasized, allowing students to engage in experiments and seek guidance from faculty members. The institute encourages student-centric methods such as experiential learning, participative learning, and problem-solving methodologies to build competency. This includes intensive laboratory experiments, design and project works, and industrial training as part of the curriculum.

Postgraduate students are involved in undergraduate teaching and community-based extension activities, fostering participative learning. Group projects are encouraged to provide collaborative learning opportunities, and teachers utilize problem-based and case-based learning methods to stimulate critical thinking among students. Additionally, students in technical programs are required to undertake

compulsory problem-based project work.

Overall, JGEC's academic approach and assessment system reflect a commitment to providing a comprehensive and practical education, nurturing critical thinking, creativity, and scientific temper among its students.

### 2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

The engineering program at our institution is designed to provide students with a comprehensive and practical education. The curriculum includes practical courses throughout the four-year program, culminating in a final project in the last semester. The examination system comprises internal assessment (30%) and end-of-semester examinations (70%), with two class tests evenly spread over the semester, providing regular opportunities for students to demonstrate their understanding.

The emphasis on experimental learning, including intensive laboratory experiments, design and project works, and industrial training, aims to equip students with practical skills and critical thinking abilities. Postgraduate students are actively involved in undergraduate teaching and community-based extension activities, fostering participative learning and collaboration.

Students are encouraged to participate in group projects, providing them with opportunities for participative learning, while problem-based and case-based learning methods are employed across all academic departments to stimulate critical thinking among students. Additionally, students in technical programs are required to undertake compulsory problem-based project work, further enhancing their problem-solving abilities.

Overall, the program's comprehensive approach reflects our commitment to providing students with a well-rounded and practical engineering education, preparing them for success in their future careers.

### 2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

The college's commitment to providing a structured and comprehensive academic experience is evident through the proactive preparation and dissemination of a detailed calendar at the beginning of each academic year. This calendar, in compliance with university regulations, ensures that the college meets the requirement of 90 working days per semester and includes important dates such as reopening, holidays, and various events like foundation day, sports days, and the college technical festival.

The inclusion of the calendar on the college website and portal reflects a modern and convenient approach to communication and organization, allowing faculty and students easy access to important dates and events. Furthermore, the

planning of timetables and examinations in accordance with the calendar demonstrates a commitment to maintaining a well-structured academic schedule.

In the event of unforeseen circumstances, the college's willingness to engage in additional lecture and lab sessions beyond regular college hours to ensure the completion of the curriculum showcases a dedication to upholding the quality and integrity of the educational program.

Overall, the college's proactive approach to scheduling, digital accessibility, and commitment to fulfilling the curriculum requirements highlights its dedication to providing a comprehensive and well-organized academic environment for its students and faculty.

Upload any additional information	<a href="#">View File</a>

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

JGEC's commitment to a comprehensive evaluation system, encompassing formative and summative assessments, reflects a dedication to maintaining high academic standards. The establishment of an exclusive Examination Cell, overseen by the Controller of Examination, demonstrates a proactive approach to ensuring the effective implementation of reforms advised by the Autonomous Body/University.

The involvement of different faculty members in setting question papers and the meticulous result analysis and review by the Heads of Departments showcase a commitment to maintaining the quality and integrity of the evaluation process. The institution's proactive approach to planning and executing semester examinations, including the appointment of internal supervisors and invigilators, and result processing using software, ensures the smooth conduct of examinations and timely publication of results.

Furthermore, the ongoing implementation of "Student Life Cycle Management" to automate the entire process reflects a forward-thinking approach to administrative efficiency and process optimization.

Overall, JGEC's commitment to a comprehensive evaluation system and the adoption of modern technologies for administrative automation highlight its dedication to maintaining high academic standards and administrative efficiency for the benefit of its students and faculty.

## 2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

Jalpaiguri Government Engineering College (JGEC) has demonstrated a strong commitment to educational quality through the clear definition and communication of program outcomes (POs), program-specific outcomes (PSOs), and course outcomes (COs) for all its undergraduate and postgraduate programs. The display of these outcomes on the website and their communication to teachers and students underscores the institution's dedication to transparency and clarity in the educational process.

The alignment of internal assessment and semester end/final year examinations with course objectives/outcomes further emphasizes the institution's commitment to meaningful assessment and the attainment of intended learning outcomes.

JGEC's development of a feedback mechanism to obtain student feedback on program and course outcomes is a proactive step towards ensuring continuous improvement. The analysis of this feedback and the subsequent actions taken based on the recommendations of the department academic cell, constituted by the Internal Quality Assurance Cell (IQAC) to monitor academic progress, reflects the institution's responsiveness to student input and commitment to maintaining educational relevance and effectiveness.

Overall, JGEC's emphasis on defined outcomes and the utilization of student feedback for continuous improvement underscores its dedication to providing a high-quality and responsive educational experience.

### 2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

Jalpaiguri Government Engineering College (JGEC) has established a comprehensive system for evaluating the attainment of program outcomes (POs), program-specific outcomes (PSOs), and course outcomes (COs). The institution's use of formative and summative assessments, along with a mechanism to obtain feedback from students on the attainment of program and course outcomes, reflects a commitment to ensuring the quality and relevance of its educational programs.

The emphasis on student feedback as a major aspect for analyzing the teaching-learning process is commendable, and the standardized format for collecting feedback, with questions based on COs, POs, and PSOs, allows for a comprehensive assessment of the educational experience. The detailed analysis of feedback scores and the discussion of any scores below 4 for plausible reasons demonstrates a commitment to continuous improvement and responsiveness to student input.

JGEC's categorization of assessment methods into direct and indirect methods for evaluating COs and POs, along with the allocation of weightages for internal test assessment and end-semester examination assessment, reflects a thoughtful and comprehensive approach to evaluating student attainment. T

Overall, JGEC's approach to evaluating program outcomes and course outcomes is thorough, student-centered, and geared towards maintaining high academic standards and relevance.

### RESEARCH, INNOVATIONS AND EXTENSION

#### 3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

The Institute has a prominent and progressive policy for promoting and incentivizing research. The faculty members are encouraged to enhance their educational qualification to attend Ph.D program. Institute has also encouraged the faculty members to submit research proposals to concern

department of state and central government and various funding agencies. To publish research papers in UGC care journals and different national and international conferences. All preparation for such are facilitated by the college. The college seriously looking forward to signing a number of MoUs with Industry which will helps the students in undertaking UG and PG project sponsored by the industry.

### 3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

The Institute has a potent and radiant system to promote innovations, creation, and transfer of knowledge. The faculties are encouraged to take up Research Projects in their area of interest as well as present papers at National and International conferences and also publish in reputed journals. Entrepreneurship forms the crux of all our academic programmes while inviting eminent and successful entrepreneurs for delivering lectures on entrepreneurship so that our students get benefit from their experience and expertise. The Institute does not bind itself to holding courses and programmes on engineering only but also promotes community based programmes through NSS thereby sensitising them towards social responsibilities To sum up, JGEC has a well-knit network and a nice environment for promoting research, entrepreneurship, community orientation, Incubation etc

### 3.6 - Extension Activities

3.6.1 - Extension activities carried out in the neighbourhood sensitising students to social issues for their holistic development, and the impact thereof during the year

The sole objective of education is to propagate all round development of the students while the prime strength of this Institute is its tenacity to unravel the deep seeded talents of the students propelling them further towards becoming citizens rich in knowledge . Knowledge and quality based education is provided to the students by inculcating moral values, scientific temper and employing state of the art technologies. The Institute plays a prudent role in campus connection, wellbeing of its neighborhood and has initiated a number of community development activities under NSS - cell of the institute headed by a senior faculty member. NSS enables students to participate in various programs of social service and National development, to help the community. For this purpose, aprat from knowledge gained in the classroom JGEC focuses on organizing extension activities in the neighbourhood community.

## INFRASTRUCTURE AND LEARNING RESOURCES

### 4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipments, etc.

The college is deeply committed to ensuring the availability and efficient utilization of its physical infrastructure in line with its overarching vision of fostering innovation, competence, and global exposure for its students. At the beginning of each academic year, a comprehensive needs assessment is conducted, incorporating feedback from the Board of Studies, Heads of Departments, lab technicians, and the system administrator. This evaluation considers course requirements, technology conditions, and financial limits. The Time Table Committee strategically plans for necessary resources, including classrooms, laboratories, furniture, and equipment. Efforts are made to educate faculty about new technologies through workshops and training sessions, and the recruitment of highly qualified system administrators and lab professionals ensures efficient infrastructure use. The college also maximizes infrastructure use by hosting various

activities beyond regular college hours, such as certificate programs, conferences, and government and academic tests. Overall, the college's multifaceted approach to infrastructure management reflects its dedication to creating an environment that supports student development and achievement.

4.1.2 - The institution has adequate facilities for cultural activities, yoga, sports and games (indoor and outdoor) including gymnasium, yoga centre, auditorium etc.)

The institution prioritizes sports and athletics as essential components of the student experience, offering a wide range of sports facilities on campus. It is committed to fostering a well-rounded environment for academic, cultural, and athletic pursuits to support students' overall personal growth. The college encourages participation in various sporting activities, including interdepartmental, intercollegiate, and interuniversity tournaments, to promote team spirit and positive relationships among students. The philosophy of the institution emphasizes recreation, instruction, and competition, ensuring that all students have the necessary equipment to participate in sports and games. The Unified Sports program provides multiple options for playing sports and promotes friendship and understanding through practicing and competing together. The college offers a variety of outdoor and indoor sports and games, along with a state-of-the-art gymnasium for physical strength and fitness. It organizes State Level tournaments and annual intramural and extramural competitions, such as the Chairman's Trophy, and students actively compete in events hosted by other institutions, winning multiple awards and even being chosen for university-level teams in sports like football and cricket. This comprehensive approach reflects the institution's dedication to supporting students' overall personality development and athletic pursuits.

#### 4.2 - Library as a Learning Resource

##### 4.2.1 - Library is automated using Integrated Library Management System (ILMS)

Name of the ILMS software : LIBSYS LS EASE Version 4 Nature of automation (full or partial) : Partially Version : Version 4 Year of Automation : 2007 LSEase(version 4) of Libsys Corporation has been installed in 2006. The library has so far created database of books, periodicals and journals. Bar Coding of 95% books have been completed and it is expected

that within a short time full bar coding would be done.  
Membership database is under process.

### 4.3 - IT Infrastructure

4.3.1 - Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities

Jalpaiguri Government Engineering College (JGEC) boasts a robust Information and Communication Technology (ICT) infrastructure that permeates every facet of academic life. The college's commitment to technological advancement is evident through its extensive Wi-Fi coverage across the campus, ICT-enabled smart classrooms equipped with computers, LCD displays, and internet connectivity, as well as internet-connected laboratories for accessing e-learning materials. Furthermore, the presence of multimedia-equipped seminar halls and video conferencing facilities facilitates interaction with industry experts and academicians, enabling the organization of NPTEL courses, faculty development programs, invited talks, and webinars. JGEC ensures high-speed internet connectivity for faculty members, students, and research scholars through local area network (LAN) and Wi-Fi, while also promoting the environmentally responsible use of computer resources. The interconnectedness of departments through LAN underscores the institution's dedication to leveraging ICT for managing academic activities. JGEC stands as a testament to the transformative power of technology in education.

104.5

File Description	Documents
Audited statements of accounts	<a href="#">View File</a>
Upload any additional information	No File Uploaded

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities – classrooms, laboratory, library, sports complex, computers, etc.

In an effort to ensure the efficient management of physical facilities within our educational institutions, it is imperative to establish clear and structured processes for construction, renovation, procurement, and maintenance activities. The involvement of the Public Works Department (PWD) in West Bengal, along with specific committees and departments, underscores the need for a well-defined framework to oversee these crucial functions.

The roles of the Central Purchase Committee (CPC), Department of Technical Education (DTE), Principal, Accounts Officer, and departmental heads in procurement, monitoring, and maintenance activities highlight the importance of delineating responsibilities and maintaining accountability. Furthermore, the annual projection of budgets for maintenance and up-gradation of facilities demonstrates a forward-looking approach to resource management.

It is evident that the inclusion of service providers for the maintenance of lab equipment and the implementation of annual maintenance contracts for sophisticated instruments and centralized facilities are steps in the right direction towards ensuring the longevity and functionality of our educational infrastructure.

By streamlining these processes and fostering collaboration between relevant stakeholders, we can enhance the overall effectiveness and sustainability of our educational facilities, creating an environment conducive to learning and growth.

**5.4 - Alumni Engagement**

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

The Jalpaiguri Government Engineering College Alumni Association, registered under the West Bengal Act XXVI of 1961, has been actively engaged in various initiatives and fostering the overall development of students at JGEC.

The association, headquartered at the College Administrative Building, has been instrumental in organizing value-based seminars, workshops, and programs focused on career development, technological advancement, and social issues. These activities are designed to prepare students for professional life while instilling a sense of social responsibility.

Furthermore, the Alumni Association has established a platform for providing scholarships to deserving students of JGEC, demonstrating its commitment to supporting educational advancement and accessibility.

A significant milestone in the association's endeavors is the establishment of the Convention Centre, Kanchenjunga, within the JGEC campus. This center is envisioned to be a hub of innovation, providing students with access to seminar and conference halls, meeting rooms, a knowledge-sharing room, a library, and guest accommodations. It will serve as a space

for industry-institute interaction, furthering the development of students and fostering a culture of innovation.

The Alumni Association's dedication to enhancing the educational landscape and nurturing student potential is truly commendable, and its efforts are poised to make a lasting impact on the JGEC community.

### GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

In line with the vision of the college, i. e. , To be a provider of globally competitive, high-quality technical human resources & to promote and significantly contribute towards development of technologies and innovations appropriate to sustainable economic growth and enrichment of quality of life, the provider is committed towards continual improvement, sustained growth and the development of a culture for quality. The leadership of the college is guided by the principle of sound judgment, effective communication and setting standards and benchmarks in quality education and administration, always striving to excel for stakeholder / student satisfaction. The Organization structure incorporates various bodies viz. Governing Body, Financial Management

Committee, Academic Council, Board of studies and Grievance cell. The Governing Body meet at least quarterly in a year. The finance committee meets at least twice a year. The college encourages participatory management by involving the stake holders at all levels. Through departmental meetings, coordination committee meetings, Board of Studies meetings, the College facilitates the internal sharing of ideas in a democratic manner, encouraging maximum participation from faculty members.

File Description	Documents

Paste link for additional Information	<a href="https://jgec.ac.in/about/15/vision-and-mission">https://jgec.ac.in/about/15/vision-and-mission</a>

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

The department heads have a significant amount of autonomy in both academic and managerial matters. The support provided by the Head of the Institution, various HODs, and committees seems crucial for the smooth functioning of operational and academic activities. The Principal's financial powers, as per state government orders, also play a key role in the institution's functioning.

The process of allowing Heads of Departments to make routine decisions based on the situations and exigency, and later getting them ratified by the Principal, seems to provide flexibility while ensuring accountability. The practice of making major decisions after a brainstorming session in the meeting of the Heads of the Departments and by consensus appears to promote collaboration and collective decision-making.

It's interesting to note that once a decision is made, the implementation is carried out by a succession of officers, which suggests a structured approach to executing decisions. This seems like a well-organized system that balances autonomy with accountability and collaboration.

## 6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ Perspective plan has been clearly articulated and implemented

The institution is dedicated to securing maximum funds from central and state government funding agencies to enhance its Research and Development (R&D) facilities. This funding will be utilized to modernize existing labs in order to meet the evolving technological needs and improve the quality of education for students.

The Board of Governors has expressed interest in filling faculty vacancies through the Government Recruitment Process, aiming to enhance the quality of faculty members by encouraging their participation in programs such as Faculty Development Programs (FDPs), conferences, seminars, and industry-oriented programs. Additionally, efforts will be made to create an environment that provides access to national and international journals through digital media.

Tests conducted for students will be designed to measure both technical and critical thinking skills. Special attention will be given to disadvantaged and rural students to increase their transition rate. Furthermore, syllabus revisions will be made in line with changing technology, and the institution will adopt Outcome Based Education (OBE).

All departments are encouraged to engage in revenue-generating activities such as consultancies and testing. This comprehensive approach seems to be aimed at enhancing the institution's research and development capabilities, faculty quality, student learning outcomes, and overall academic environment.

6.2.2 - The functioning of the various institutional bodies is effective and efficient as visible from the policies, administrative set-up, appointment and service rules, procedures, etc.

The educational institution's governance structure consists of the Board of Governors (BOG), Academic Council, Principal, and Head of the Department. The BOG guides the college in fulfilling its objectives, approves new programs, and oversees faculty recruitment and budget approval. The Academic Council scrutinizes and approves proposals related to courses, academic regulations, and student admissions, while also recommending new programs and scholarships. The Principal implements strategic planning, reports on institutional progress, and manages academic and administrative affairs. The Head of the Department is responsible for the academic and administrative management of their department, including teaching plans, research activities, industry interaction, and policy planning. They also oversee student counseling, curriculum development, and resource materials. Each entity plays a crucial role in the institution's governance, ensuring academic quality, strategic development, and adherence to regulations.

#### 6.4 - Financial Management and Resource Mobilization

##### 6.4.1 - Institution conducts internal and external financial audits regularly

Jalpaiguri Government Engineering College, a fully government-owned institution, follows a meticulous financial management process. Its annual budget is approved by the Financial Management Committee (FMC) and the Governing Body, with funds and grants received from the government under various heads. All financial transactions are conducted through the treasury using e-transaction methods to ensure transparency. The college adheres to the procurement norms of the Government of West Bengal and has a Central Purchase Committee for centralized procurement, utilizing the e-tender process for all procurements. Subsequently, bills are sent for e-clearance at the treasuries after completing formalities. The college's audit is overseen by the office of the Accountant General (Audit), West Bengal, with periodic visits for this purpose, although not necessarily annually. This stringent financial management system ensures that the college's financial operations are transparent, accountable, and compliant with government regulations and norms.

#### 6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

The institution has established several funds, including the Corpus fund, Staff Development fund, Depreciation fund, and Maintenance fund, to ensure the sustainability of its reforms. The Corpus fund is resourced from contributions, donations, grants, and savings, and is utilized for the development of the institute, particularly for capital expenditure and operational expenses with the approval of the Board of Governors (BOG). The Staff Development fund is resourced from the institution's share of net income from various activities and is used for critical staff development activities as specified by the BOG. The Depreciation fund is resourced from the institution's share of net income and is utilized for equipment replacement and other purposes as decided by the BOG. The Maintenance fund, resourced from various sources, is meant for the regular maintenance of equipment and facilities as decided by the BOG. These funds are managed in accordance with government orders and play a crucial role in the institution's sustainability and development, ensuring that the institution can address its capital and operational needs and invest in the development of its staff and infrastructure.

#### 6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

The primary aim of the Internal Quality Assurance Cell (IQAC) is to facilitate conscious, consistent, and catalytic action to enhance the academic and administrative performance of the institution and promote a culture of quality. IQAC employs mechanisms and procedures to ensure efficient performance of tasks, quality academic and research programs, equitable access to education, modern teaching methods, credible assessment processes, and adequate support services. The functions expected of IQAC include developing and applying quality benchmarks, creating a learner-centric environment, collecting feedback, organizing workshops and seminars, documenting quality improvement programs, and coordinating quality-related activities. IQAC also contributes to ensuring clarity and focus in institutional functioning, internalizing a culture of quality, enhancing coordination among various activities, providing a basis for decision-making, driving quality changes, and establishing a systematic methodology for documentation and internal communication. Ultimately, IQAC aims to institutionalize best practices and contribute to the overall enhancement of the institution's quality culture and performance.

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

1. The seminars and workshops conducted for the faculty
2. Taking seminars compulsory for PG students
3. Examining students by conducting internal tests assessments
4. Holding extra classes for course completion on time.

5. Arrangement of remedial classes, doubt clearing classes for slow learners
6. Establishment of research cell in order to encourage research activities
7. Appointment of part - time faculty to teaching posts lying vacant in the department
8. Automation and digitalization of library
9. Provision of Wi-Fi facility and smart classes
10. Increased usage of ICT tools in teaching learning process
11. Preparation of course plan at the beginning of every session

#### Methodologies of operations:

The institution gathers feedback from students through questionnaires and suggestion boxes, involving the Academic Council and staff meetings to monitor and review teaching and learning activities. Additionally, faculty members maintain daily teaching diaries, which are reviewed monthly by the principal. These measures reflect the institution's commitment to continuous improvement and quality assurance in its academic and administrative processes.

## INSTITUTIONAL VALUES AND BEST PRACTICES

### 7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

1. **Implementing Equal Opportunity Policies:** Establish and enforce policies that ensure equal opportunities for all genders in recruitment, promotion, and professional development.
2. **Implementing Pay Equity**
3. **Creating Supportive Work Environment:** Foster a work environment that supports work-life balance, flexible work arrangements, and parental leave policies that benefit all genders.
4. **Encouraging Diverse Representation:** Actively promote the representation of all genders in leadership positions, decision-making bodies, and public-facing roles.
5. **Establishing Reporting Mechanisms:** Implement clear and confidential reporting mechanisms for instances of gender-based discrimination, harassment, or bias, and take swift and appropriate action in response.

**7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)**

As we strive to create a sustainable and eco-friendly environment in our educational institute with hostels, it is crucial to address the management of degradable and non-degradable waste. Effective waste management not only promotes cleanliness but also contributes to a healthier and greener campus.

To manage degradable waste, such as food scraps and organic materials, we have implemented a composting system. Composting bins are placed in convenient locations across the campus and hostels to encourage the proper disposal of biodegradable waste.

For non-degradable waste, including plastics, glass, and metal, we have established a comprehensive recycling program. Clearly labeled recycling bins are strategically positioned throughout the institute and hostels to facilitate the separation and collection of recyclable materials.

Furthermore, we encourage the reduction of non-degradable waste by promoting the use of reusable items, such as water bottles, containers, and bags. We also promote minimum use single use plastics and disposable products within our

campus .

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words).

JGEC organized the following programs: \* The faculties and staffs of our college celebrate the cultural and regional festivals, like Bengali New-year' s day, Teacher' s day, orientation and farewell program, Induction program, tree plantation, Youth day, Women' s day, Yoga day, festivals like Biswakarma puja etc.

\* Motivational lectures of eminent persons from different fields of our society are conducted (under the induction program initiative) for all-round development of the students, to make them responsible citizens following the national values of social and communal harmony and national integration

\* Besides academic activities, several sports activities are organized by college sports committee. Students participate in outdoor games like football, cricket, volleyball, basketball etc and indoor games like chess, carom etc , to build up team spirit, leadership qualities and to remain physically active.

\* A night school " Jyoti-A ray of hope" is run by the student with the mentorship of teachers.

Identification of societal issues to be solved using technology. Effective utilization of resources and departments

More programmes useful for the community like healthcare, agriculture, technology issues, cyber security, etc. to be conducted

## 7.2 - Best Practices

7.2.1 - Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC

The villages of Dangapara & Patkata, situated near the campus of JGEC, have presented both challenges and opportunities for the faculty and students of the college. The villagers are facing hardships in meeting their basic needs, with struggles for sustenance and lack of academic environment for their children. Additionally, the exploitation of school students by tuition providers, low adult literacy rates, and absence of guidance and counseling for the youth further compound their difficulties. Moreover, the lack of access to clean drinking water and unhygienic conditions in the villages add to their plight.

In response to these challenges, JGEC initiated the JYOTI program, which has seen significant success since its inception in 2010. The program has grown from 80 to around 150 students, providing classes four times a week for children from class 4 to class 10. Furthermore, it offers guidance for Polytechnic entrance exams and has a dedicated Hindi section for students from neighboring tea garden schools. The impact of JYOTI is evident in the success story of a student who cleared WBJEE and passed out from JGEC.

In addition, the Alumni Association of JGEC has been instrumental in providing scholarships to needy and poor students.

## 7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

Our Vision To be a provider of globally competitive, high quality technical human resources. To promote and significantly contribute towards development of technologies and innovations appropriate to sustainable economic growth and enrichment of quality of life. Our Mission To Develop itself into an institute of world class reputation and advance knowledge and educate students in the areas of technology. Core values Eco friendly campus and sustainability: A Green Campus is a place where environmentally friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus. Jalpaiguri Govt. Engineering College is striving continuously for making its campus green and clean, by imposing sustainable and ecofriendly thinking into both academics and student activities. it stands against extravagance in utilization of its resources. Considering several eco-friendly issues, it has made couple of plans deliberately, for developing an altruistic academic ambience.

### 7.3.2 - Plan of action for the next academic year

In upcoming academic year the following plans are proposed for the advancement of the institutions: 1. A campus will full LED and energy efficient utilities are proposed to be executed to participate in energy preservation movement.

2.Cultural and social activities on gender quality awareness program are proposed, which was postponed last year due to unavoidable lock down scenario. 3. Ramp and lift facilities for Divangyans in different major sections of the campus is planned to be executed. 4. Students will be actively involved in green energy movement through different type of renewable energy uses. 5. Energy audit, green audit which were not

possible last year will be in force. 6. Several cultural activities will be conducted to empower the awareness on Indian constitutional system.

7. Strengthen Green Campus initiatives
