**Infrastructure maintenance policies**

**1. Introduction:**

Jalpaiguri Government Engineering College has established systems and procedures along with dedicated manpower support from PWD Construction, PWD electrical & Public health Engineering for monitoring and to ensure proper maintenance and utilization of infrastructure like campus, library, laboratories, classrooms, seminar halls, other academic facilities, sports facilities, etc.

**2. Scope**

The scope of the policy shall cover 1) New construction 2) repair/maintenance of existing facilities 3) Electrical and mechanical installation 4) Network 5) Pump etc.

**3. Maintenance cell**

PWD is responsible for maintaining the physical infrastructure, which includes classrooms, labs, libraries, sports complexes, computer centres, etc. Civil upkeep The Institute's building committee oversees the work. Principal is in charge of the Institute's building committee.

PWD electricals ensure uninterrupted power supply and maintenance of electrical assets of 160 Kv substation, Diesel Generator sets, lighting, power distribution system, solar panel etc.

CWN committee takes care of internet facilities, LAN, server etc.

Water supply related issues of the campus, hostels, staff quarters etc are taken care of by the Public health Engineering.

Separate Complaint registers are maintained for various services like PWD construction, electricals & PHE sections.

All six engineering branches alongwith basic science & humanities take care of its own equipment's maintenance under state plan head & regular maintenance.
