Jalpaiguri Govt. Engineering College
Department of Civil Engineering
Jalpaiguri-735102

<u>Action taken for advanced learning students</u>

1. The first internal examination (F.M. 15) was held from 15.03.2024 to 18.03.2024 centrally for the 4th, 6th and 8th semester.
2. The marks were evaluated and submitted to the respective course coordinators within one week from the date of examination for compilation.
3. The compiled marks were displayed in the departmental notice board and soft copy was sent to the Google classroom.
4. The compiled attendance record was also shown to the students and submitted to the Principal too.
5. The students with more than 10 (out of 15) were identified and encouraged to sit in the GATE examination.
6. The assigned course teachers took some classes to discuss questions on previous years GATE question paper and monitored the students on regular basis.

Action taken slow learning students

1. The first internal examination (F.M. 15) was held from 15.03.2024 to 18.03.2024 centrally for the 4th, 6th and 8th semester.
2. The marks were evaluated and submitted to the respective course coordinators within one week from the date of examination for compilation.
3. The compiled marks were displayed in the departmental notice board and soft copy was sent to the Google classroom.
4. The compiled attendance record was also shown to the students and submitted to the Principal too.
5. The students with less than 10 (out of 15) were identified and taken for counseling by the respective mentors.
6. The assigned course teachers took few remedial classes beyond usual academic hours to the students who have less than 10 marks.
7. They were provided a number home assignment and asked them to submit within two days' time.
8. Those who have not completed by their own were given special attention by the respective teachers and discussed the unsolved assignments until they understand fully.
